GENERAL INFORMATION

This Company's Tariffs for Local service are open to inspection and may be seen upon application at the Head Office of the Company in the City of Montreal, or to the manager at the Company's Central Exchange. This Company's Tariffs of Long Distance tolls are open to inspection and may be seen upon application at the Head Office of the Company in the City of Montreal or to the Company's Manager at the Toll Centre for any locality, the name of which Toll Centre will be furnished by the Manager of the Local Exchange.

The right of the Subscriber is to use the instruments and connecting lines (except public telephones) where the Company may place them, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use the instrument of another Subscriber.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections of parts of any Telephone apparatus leased from this Company, or make attachments thereto.

No profane or obscene language will be tolerated over the lines of the Company and the Company reserves the right to remove the lines and instrument without notice for any violation of this rule.

The Company appreciates prompt reports regarding inattention on the part of its employees, or of interruptions to Exchange Service. Such reports should be made to the Repair Clerk (no number necessary).

Report all complaints of Long Distance Service to the "Long Distance Chief Operator."

If not promptly attended to, complaint should be made to the Manager.

All employees of the Company whose duties require them to enter the premises of subscribers or other, are required to wear a badge similar to the accompanying illustration, or to produce a card of identification from the Manager. Any person claiming to be an employee of the Company who is without this card or badge should be refused admission and the Manager be notified at once by telephone.

The Company assumes no liability whatever for damages occurring from errors or omissions in the making up and printing of this book.

This Directory is the property of the Company. It is printed for the exclusive use of the Company's patrons and is loaned to its subscribers. All persons are cautioned against reproducing its contents.

Rural Party Line Instructions

Always listen before ringing, to ascertain if the line is in use and thus avoid interrupting a conversation that may be in progress.

Before calling a subscriber on your line make sure of his number by consulting the directory. Then ring, being careful to make the signal distinct. The signal to give is indicated by the number following the letter "r". The first figure following the letter "r" represents the number of long rings, and the second figure, the number of short rings. For example, to call r-24, give two long followed by four short rings. Do not press the push-button on your instrument when calling a subscriber on your line.

To call a subscriber on another line, signal the operator and give her the number. To signal the operator, press push-button while ringing.

When conversation is finished, replace receiver and give one quick ring-off. Do not press push-button while ringing off.

Conversation should not exceed five minutes' duration. Bear in mind that while you are using the line other subscribers are unable to do so.
